AFTER SCHOOL SUPPORT

Help students thrive emotionally, socially, and academically
in a supportive, caring environment.

WHY IT MATTERS

How we invest in young people today shapes who they'll become tomorrow. Students need connection, belonging, and positive role models – not just academics. Through caring relationships and guided support, our program helps students build confidence, strengthen life skills, and thrive at school and in life.

PROGRAM HIGHLIGHTS

- Safe, encouraging space led by staff, mentors, and volunteers who genuinely care.
- Small group sessions focused on life skills like respect, empathy, trust, accountability, teachability, and health relationships.
- Guided homework support and study time.
- Connection and skill building through games.
